

Milestone #4: What is My New Purpose?

Lesson 7 – Romans 12:1-2

Please read the scripture and watch the video first. Then use the questions below to begin your discussion of the message in your group.

Summary:

Our response to what God has done for us (salvation through Jesus), is to live according to God's will instead of our own.

Definitions:

- **Worship.** To give praise, honor and respect to God.
- **Sacrifice.** An offering given to God.
- **Transformed.** Changed in form, appearance, condition, nature or character.

Ice Breaker Question:

- On a long road trip, who in your family always asks "are we there yet"?

Discussion Questions:

- In what ways does the world have influence on our lives? What kinds of peer pressure do you experience?
- What are some of the world's ideas that are in conflict with God's ideas? How does the world make its ideas attractive? What needs to be renewed within us in order for God's ideas to be attractive?
- How do you want your life to be influenced? What choices can you make in order to allow your life to be more influenced by God rather than by the world?
- How are you using the gifts God has given you to honor him? Is there anything (gifts, time, talents, relationships, goals, etc.) that you have yet to turn over to God?
