

# Habitat for Humanity® of San Antonio

## Weekly Prayer Schedule

Week of	Prayer
Week 1	Father God, as we come together this weekend to serve our community, let us build strong relationships with the people we meet along the way. As we build up the walls of this home, let us grow closer to You and more aware of the needs of those around us.
Week 2	God of Light, as light shines through the windows of this family's new home, let us know that Your light is always there to guide us and provide us with hope even when the outlook seems bleak. Remind us to glance outside of the walls that contain us to view the beauty of nature and for it to renew our promise to love others as You love us.
Week 3	Shielding God, we ask for the protection of our bodies and spirit as we seal the home to protect these families from the elements. Let us all look to You for comfort during the storms of life so we can continue to see the great love that surrounds us.
Week 4	Gracious Father, as we continue to serve you by serving this family and this community, guide us to continue to serve you in all that we do, tasks large and small so your light of hope may shine for others in this world who in darkness and despair. Guide those in need to the ministry of Habitat so that we may work together to help end poverty housing in San Antonio.
Week 5	God of Love, bless the ground this family will walk on inside and outside of their new home. Guide them to find and keep a secure footing in this world to live a life full of purpose, hope, and love.
Week 6	God of Mercy, as we construct storage space for this family, allow us to grow our capacity to forgive others. Open our hearts to show mercy to those who need compassion and love. Give us the strength to be a well of kindness and sympathy to those that are hurting.
Week 7	Perfect God, let those working on this home: Habitat staff, volunteers and homeowners, strive to improve themselves and work for the greater good continually. Challenge us to strive for balance in our own lives when it comes to worship, serving, family and work.
Week 8	God of All, as we work on the small details of this home, remind us that You are in all things, big and small; guide us to see you in the little moments of life and may that inspire us to spread your love, patience, mercy and forgiveness into all the aspects of our lives.
Week 9 Dedication Day	God of Beauty, nurture us all to be more loving people and to grow in our relationship with You and others. Let this time of service remind us to be grateful and generous with all the blessings that You have granted us. Thank You for allowing us to make life better for one of Your children and serve a higher purpose. May we continue to be aware of the needs of others and to act out of love to provide grace, mercy, and comfort to all people on Your beautiful earth.
